ABUNDANT LIFE BAPTIST CHURCH

WE BELIEVE:

- ★ Our mission is to help children meet, love, and follow God.
- ★ Children are a gift from God and should be treated with tender loving care.
- ★ Children are important to God and His kingdom.
- ★ Children can be equipped to serve God and others.
- ★ Parents are the primary spiritual teachers of their children and the church should assist the parents in this role.
- ★ Children should have a safe, fun, creative, and multi-sensory environment to assist in the development of their relationship with God.

ALBC KIDS' SCHOOL AGE MINISTRY

The Abundant Life Baptist Church's state-of-the-art children's facility allows leaders to teach kids in new and innovative ways.

Our school age ministry uses an exciting curriculum model called the Workshop Rotation. Educational research shows that children learn by doing. When learning takes place in this type of environment, children are better able to process, retain, and apply information.

This is how it works . . .

Kids visit a different room each week during each of our service times. In these rooms, there will be an interactive Bible lesson centered around our monthly theme that provides kids the opportunity to have fun while they learn!

The workshop rooms include:

KID'S CHURCH

Come to kids church and experience a multi sensory worship service. The bible driven lessons are presented through video, music, drama, speakers, and small groups. Children will learn about God's word and how it applies to their lives.

HOLY WORD MOVIE THEATRE

A movie-themed room including stadium seating and a concession stand will make learning about Jesus exciting! Kids will enjoy a small snack to make their viewing experience spectacular!

CREATION STATION

Children will love to create in a colorful room equipped for all ages. Art projects will go beyond coloring pages and worksheets. We will use paint, clay, fabric, wood, and many other mediums to create a lasting memory of our Bible lesson.

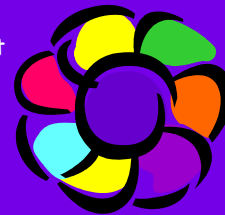

THE MOUSE PAD

A computer lab uses today's technology to teach God's word in a way that children find captivating. Kids will enjoy Bible lessons while using exciting software programs.

Science Quest

In Science Quest, science and nature exploration leads to wonderful discoveries about our Creator and the stories he gives us to live by.

BIBLE MANIA

A game show is an exciting way to teach God's word to children! Equipped with sound effects, electronic buzzers, a spinning wheel, and lights children will enjoy being contestants or the host of their very own show while important Bible lessons are reinforced.
