## Abundantly Rooted Children's Ministry

Abundant Life Baptist Church's state-of-the-art children's facility allows leaders to teach children in new and innovative ways. Our school age ministry uses an exciting curriculum model called the Workshop Rotation. Educational research shows that children learn by doing. When learning takes place in this type of environment, children are better able to process, retain, and apply information.

### *This is how it works . . .*

Each Sunday morning, children attend Children's Church during one service time. During the other services, children visit a different rotation room each week. In the rotation rooms, there is an interactive Bible lesson centered around each monthly theme that provides children the opportunity to have fun while they learn!

### CHILDREN'S CHURCH - K-2nd Grade, 9:30 am service - 3rd-5th Grade, 11:00 am service

Come to children's church and experience a multi-sensory worship service. The Bible-driven lessons are presented through video, music, drama, speakers, and small groups. Children will learn about God's word and how it applies to their lives.

## Rotation Rooms

### HOLY WORD MOVIE THEATER

A movie-themed room including stadium seating and a concession stand will make learning about Jesus exciting! Children will enjoy a small snack to make their viewing experience spectacular, as well as spend their ARC movie bucks (earned throughout the month) on items from the concession stand.

### CREATION STATION

Children love to create in this colorful room equipped for all ages. Art projects will go beyond coloring pages and worksheets. Paint, clay, fabric, wood, and many other mediums allow children to create a lasting memory of each Bible lesson.

### THE MOUSE PAD

A computer lab uses today's technology to teach God's word in a way that children find captivating. Children will enjoy Bible lessons while using exciting software programs.

### BIBLEMANIA

A game show is an exciting way to teach God's word to children! Equipped with sound effects, electronic buzzers, a spinning wheel, and lights, children will enjoy being contestants or the host of their very own show while important Bible lessons are reinforced.

### SCIENCE QUEST

In Science Quest, science and nature exploration lead to wonderful discoveries about our Creator and the stories He gives us to live by.
